News Release

Effective April 1st 2021 Eaglecrest Golf Club will be transitioning to a nine-hole operation.

This decision, a difficult one, is based on sustainability. The costs to improve, replace and repair some of the Clubs infrastructure, (irrigation, carts paths, equipment) would have put a financial strain on operating costs and escalated user fees for many years to come. The decision was made to focus on providing a well-manicured 9-hole course, with future plans for a driving range and Golf Simulators for winter use.

The rotation for the nine holes will include holes 1,2,12,13,14,15,16,17,18. The new rotation will have golfers starting off the 14th hole, and finishing on the 13th hole. (14,15,16,17,18,1,2,12,13).

There will be a temporary new rating available by April 1st and the BCGA has indicated they will get an official new rating done as soon as weather permits. We will also have combo tee ratings available for those who want to vary the tees they play.

Affordable membership rates and options are available and will be limited to a number that allows our members to access the golf course without restrictive measures.

The holes that are not going to be utilized any longer will be maintained at acceptable heights as per the Town of Qualicum Beach's Bylaws. We respect that our residential neighbors have an investment in their homes, and we do not wish to devalue or jeopardize their property assessment.
